

Bringing Charity to School Program

What is it?

'Bringing Charity to School' is a program designed to bring community service programming and activities to your school or group!

What type of service projects?

Our volunteers will work with school administration and staff to decide on a segment of the community they want to focus on. Some popular themes include: Homelessness, hunger, senior citizens and underprivileged children.

Volunteers design an age appropriate program for the students.

How does it work?

The Giving Tree volunteers do it all!

- Initial planning with teaching staff
- Coordinate event logistics
- Organize hands-on projects
- Educational presentation / reflection
- Take home reflection piece
- Distribution of all completed projects to non-profit organization partners
