

Chat Session Guests Needed

We are looking for teachers & educators to be our guest for our Virtual Giving Tree Chat Sessions.

- Each month we focus on various topics of interest.
- This is an open discussion format dealing with issues such as homelessness, food insecurity and those in need.
- We encourage students to bring questions and thoughts. It is our hope that the discussion allows for the students to dig a little deeper into the issues that impact our world around us.
- Sessions are open to students grades 5th thru 8th.

Educators: Invite your students and be eligible for a FREE project!

With a minimum attendance of 10 of your students joining us, your classroom will receive a FREE community service project valued at \$100!
