The Giving Tree is a 501 (c)(3) nonprofit organization. Dedicated to the charitable education of children.

The Giving Tree

The Inspire to Give Project

Participate in charitable service...

motivating others to do the same!

Fundraise

Host a fundraiser to raise money to purchase your Giving Tree Project. Consider a Bake Sale, BINGO, host a Movie Night, a Carwash, Pancake Breakfast, Raffle Sales or a Dine & Donate Night at a local restaurant. With the funds raised... you can purchase a Giving Tree project that will benefit those in the homeless community. \$100 of additional funds will be provided to your project through community donations.

Project Assembly

Assemble your Giving Tree project. The team at The Giving Tree will work with you to plan the perfect project for your group. Use this as a team building activity. The opportunity to create homemade cards of encouragement will also accompany your projects.

Inspire Others

Inspire younger students to serve others. Create a video talking about service, philanthropy and how amazing it feels to give back to the community and those in need.

The Next Step

The Giving Tree volunteers will deliver your project and cards to the appropriate community. Your video and another service project, valued at \$100 funded through community donations, ready for assembly will be sent to younger students of your 'buddy school'. Your buddy school can be a school of your choice, or a Giving Tree volunteer can select one for you.

Who this project is good for

This project is perfect for Key Clubs, Afterschool programs, Sports teams, Service Clubs, Student Council and NHS Students. Any group that is looking to receive service hours, team build and come together to make a difference should sign up today.
